"The real waste problem is not the fact only of production. It is the fact of an economy that is wasteful from top to bottom... a byproduct of an unbridled greed for the top and a big appetite and self-indulgent consumption at the bottom end of it as we are inclined to do."
—Robert Rundo

"Years ago, we all talked about recycling and not dumping things down your drain and all of that, but nothing's changed much. Honestly, it's going to have to be legislation because the market is so huge and distorted."
—Ted Danson
