<p>MAKE A DIFFERENCE</p> <p>"No one can lead our lives for us. We are responsible for our actions. So people, especially the younger generation, need to be very careful especially where safe sex is concerned."</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. Worldwide, the proportion of AIDS-related deaths among women has increased from 10% in 1990 to 25% in 2000. In Africa, all individuals of all ages are at risk. Everywhere present, and at all times present."</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. All rights reserved. It requires an urgent, coordinated, and participatory response to effectively combat it. The response needs to be more than just providing medical care. We have 30 million orphans already. How many more do we have to go? Is there hope?"</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. All rights reserved. They are more likely to drop out of school because of poverty, discrimination, and lack of access to basic services. We must work to remove the stigma and discrimination unfortunately associated with AIDS."</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. All rights reserved. We must work to remove the stigma and discrimination associated with AIDS, and encourage children and young women, and men, partnerships with people with HIV and AIDS."</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. <p>MAKE A DIFFERENCE</p> <p>"Everyone I sign, I see very much the same thing. I see the same compassion for people to live half a world away. I see the same compassion about making sure that people have the right to live their life. I see the same compassion about making sure that people have the right to die. The response needs to be more. We cannot afford to become fatigued."</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. All rights reserved. Missing the medicines that prevent transmission from mother to child. Missing the medicines from parents, teachers and students that can help them learn. Missing the medicines that can help end the spread of AIDS. Children are the future. Let's work together to help end AIDS. -Kwesi Quartey (UNICEF PMA), United against HIV/AIDS"</p> <p>Be a Hero for a Better World - betterworld.net</p> <p><small>© The Emily Fund. All rights reserved.
